Delivery Contract

Cane river chi's uses a puppy nanny for delivery of our furkids. Our nanny picks up the puppy from us at our airport and flies to your nearest international airport. The nanny flies on a standby status so therefore we can not guarantee an exact time of arrival. We do our best to adhere to the schedule but we have no control over delays or overbooked flights. The nanny will update you as she travels of any delays. Therefore it is a requirement to have patience during the process. We will do the very best we can to work with the customers schedule. Pricing is as follows:

East coast delivery Fee	350.00
West Coast Delivery Fee	400.00
Additional Puppy Fee to same customer	150.00
Small Airport Fee	50.00 (subject to availability)

Customer also has the option of purchasing a plane ticket for our nanny to avoid standby flight status. the nanny fee will be an additional 300.00 for services.

If you do not pick your puppy up the nanny will return with the puppy to Cane River Chi's at which time all monies will be non refundable to customer. Customer will have the option to reschedule another

delivery at customers expense. Delivery Fee must be paid in advance unless otherwise arranged.

Balance on puppy must be paid in full prior to delivery.

We do on occasions deliver via Cargo but that is subject to availability and whether conditions as well as based on individual puppy. Some puppies are too small to be delivered this manner.

Customer is also welcome to fly into our nearest airport for pickup. We will be more than happy to meet you with your new forkid in hand.

By signing this document the customer acknowledges that they understand and agree with the policies and prices for delivery by Cane River Chi's.
